Mary Hauck:

On behalf of the Diocese of Saginaw, the Office of Catholic Schools, and the Accreditation Site Team we are pleased to inform you and the Saint Joseph the Worker community that we fully affirm this community and the work you have done to receive accreditation status! I have forwarded your study to the Michigan Non-Public School Accrediting Association for full consideration. Please take some time to review the comments and summary that were written in the Self Study portal of the Accreditrac System for your school and are included in this email for your convenience.

Upon the conclusion of the Site Visit, the Site Visit Team commends Saint Joseph the Worker in the following areas:

- The leadership team works well together to advance the mission and vision
- The organizational structure promotes stewardship and empowers constituents
- The staff members embrace their role as models of faith and service
- Consistent transparent communication promotes trust
- Community collaboration fosters continuous school improvement
- The culture emphasizes positive Christian relationships based on Gospel teachings
- Father Ricky Varner is involved and present

If you wish, Mary Ann Deschaine [Superintendent of Catholic Schools] and I will gladly return to your school to present and explain the rationale of the team's comments to you and Father Ricky at a time that is convenient for all of us. Please take a look at your schedule and let me know of a few options that will work for you.

Again, you should be very proud of all the hard work you and your staff have dedicated to this process. This was a daunting task you accomplished with grace and efficiency. We all learned a great deal about the process as well as your school. It is evident that you have put your heart and soul into the students, staff, and the whole Saint Joseph the Worker community.

Blessings,

David Mausolf
Regional Coordinator of Accreditation
